SUBMITTALS - attach the requested # of copies to the Building Permit Application

☐ Survey/Site Plan (8 copies)  ☐ Not Required

If the requested work will excavate, disturb, penetrate, uncover or cover any soil, a survey or site plan showing the location of the requested work must be submitted. The existing and/or intended storm drainage system must be shown. This action is necessary to either improve the existing drainage system or if the requested work will affect the existing drainage system.

☐ "Dig Safely New York” (see attachment)  ☐ Not Required

If the requested work will excavate, disturb, penetrate, uncover or cover any soil, "Dig Safely New York” must be notified by the contractor or property owner @ 1-800-962-7952 so all utility owned underground equipment can be properly located. The actions required by "Dig Safely New York” must be taken before any work can begin. Privately owned utility equipment will not be located by this action. The "Dig Safely New York” ID # must be listed on the application; ID # ___________________________

☐ Construction Drawings/Information (8 copies)

Drawings and/or information specific to the requested work must be submitted in order for a determination to be made that such work is compliant with the applicable codes of New York State and the Village of Orchard Park. Information will be accepted for manufactured items such as a fence. Drawings are required for work that involves construction. Drawings shall list all the necessary features required by the NYS Building Code. Drawings that show requested work covered by the Building Code as well as drawings for repairs in which the value exceeds $20,000 shall be stamped by a licensed design professional.

☐ Contractor's Worker's Compensation and Disability Insurance

Submit one form from each category for each contractor. "Accord" forms and faxed copies will not be accepted.

**ADDITIONAL INFORMATION**

The information listed in this section is intended to provide guidance in order to minimize the need for a variance. A variance may be required even if these guidelines are followed.

If a variance is required, a Zoning Board of Appeals (ZBA) application, six (6) additional copies of the site plan and six (6) additional copies of drawings/information must be submitted and an additional $100 fee paid for Planning Board and Zoning Board of Appeals review. It is suggested the Code Enforcement Official be contacted when completing the ZBA application.

**New Building - Consult the Code Enforcement Official**

**Addition** - Can be constructed in a rear yard to within 50 feet of a rear lot line or in a side yard to within 8 feet of a side lot line. If an addition is desired beyond these parameters or in a front yard, a variance is required. It is recommended that the addition be located a minimum of 10 feet away from privately owned underground utilities.

**Alteration/Remodel** - No guidelines if the building footprint does not increase.

**Porch** - Can be constructed in a rear yard to within 50 feet of a rear lot line or in a side yard to within 8 feet of a side lot line. If an addition is desired beyond these parameters or in a front yard, a variance is required. It is recommended that the porch be located a minimum of 10 feet away from privately owned underground utilities.

**Deck** - Can be constructed in a rear yard to within 50 feet of a rear lot line or in a side yard to within 8 feet of a side lot line. If an addition is desired beyond these parameters or in a front yard, a variance is required. It is recommended that the deck be located a minimum of 10 feet away from privately owned underground utilities.

**Fence** - Maximum height of 3 feet in a front or side yard. Maximum height of 6 feet in a rear yard. A fence can be placed up to but not over the property line. The property owner determines as to which side of the fence faces adjacent property.

**Detached Garage or Shed** - Must be in a side or rear yard, 8 feet from any lot line, maximum footprint of 600sf, maximum height of 18 feet and maximum door opening height of 8 feet. It is recommended that the structure be located a minimum of 10 feet away from privately owned underground utilities.
